

# TrueDRY™ DH90 Dehumidification System

**Honeywell**

Every homeowner is looking for increased comfort and energy efficiency, and with Honeywell TrueDRY™ DH90, you can offer both. Perfect for larger homes, TrueDRY DH90 efficiently removes excessive moisture from the air each day. In addition to dehumidification, TrueDRY DH90 also features an integrated ventilation control that introduces fresh, filtered air into the homes as stale air and excessive moisture is removed. If you want to provide your customers with true comfort, use TrueDRY DH90 on your next job.

# TrueDRY™ DH90 Dehumidification System

ALL-IN-ONE DEHUMIDIFICATION, VENTILATION, AND FILTRATION

**Integrated Solution** — Can be centrally ducted for whole-house control or operate unducted to address moisture problem areas such as attics or crawl spaces.

**Core Technology** — Pre-cools the air to reduce operational strain on refrigerant coils. Uses less energy (6.2 amps) while removing more moisture than comparable competitive models.

**Built-In Ventilation** — Introduces fresh, filtered air into the home while removing stale, moist air, which allows you to meet local ventilation building codes.

**MERV11 Air Filtration** — Extends performance and efficiency of unit and provides your customers with improved indoor air quality.

**Built-In Level** — Ensures a fast installation that is correctly aligned to drain moisture efficiently.

**High-Performance Moisture Removal** — Capable of removing up to 90 pints of water per day from the indoor air

**Automatic Water Removal** — Integrated drain port discards water automatically, eliminating having to empty water buckets.

**Quiet Operation** — Blower is positioned at the intake (not exhaust) to reduce operational noise.

**Easy Maintenance** — Magnetic, corrosion-resistant service door ensures a tight cabinet seal, making maintenance quick and easy.

Part Number	Description
DH90A1015	90-pint TrueDRY™ with VisionPRO® IAQ Control
DH90DG115	90-pint TrueDRY™ with TrueIAQ™ Control
DH90A1007	90-pint TrueDRY™ with H8908 Manual Control
