Air Conditioning & Heating

ENERGY EFFICIENCY IS KEY...

TO CONTROLLING THE COST AND COMFORT OF HEATING YOUR HOME.

As a homeowner, you want a cost-effective way to maintain a comfortable environment for your family. Introducing the Goodman® GMS8/ GDS8/GHS8 80% AFUE Multi-Speed Gas Furnace, which provides effective home heating at an affordable price.

YEAR-ROUND ENERGY EFFICIENCY

Energy efficiency is key to controlling the cost of heating your home. This furnace's 80% AFUE rating means 80 cents of every \$1.00 of heating energy expense warms your home. Some older central heating systems rate at 60% AFUE, meaning only 60 cents of the gas burned contributes to your home's heating. The remaining 40 cents is lost energy – wasteful and expensive. Switching to a Goodman 80% furnace cuts that loss in half.

QUIET OPERATION

Your Goodman GMS8 Furnace uses a multi-speed blower motor and sound-isolated blower assembly to reduce the noise levels common in other furnaces. Add an insulated, heavy-gauge steel cabinet, and the result is...extra-quiet comfort.

RELIABILITY AND LONG LIFE

The heart of any furnace is the heat exchanger. Our patented, TuffTube™ aluminized-steel tubular heat exchanger and stainless-steel recuperative coil have been tested to the highest industry standards. We guarantee their performance and back it with a Lifetime Heat Exchanger Limited Warranty and a 10-Year Furnace Replacement Limited Warranty.

For further safety and reliability, your furnace utilizes an energy-saving Hot Surface Ignition system, featuring a Norton Mini-Igniter and a patented Adaptive Learning Routine that helps insure safe start-ups and maximum igniter life.

Additionally, the Goodman GMS8/ GDS8/GHS8 Furnace models are designed to minimize NOx emissions, contributing to better air quality inside and outside of your home.*

**Goodman furnace models meeting stringent California low-NOx emissions requirements are indicated with an "X" in the model number.*

INDUSTRY-LEADING WARRANTIES*

We guarantee your Goodman® GMS8/GDS8/GHS8 80% AFUE Multi-Speed Furnace with one of the best warranties in the industry.

We provide a **Lifetime Limited Warranty on the heat exchanger** and a **10-Year Limited Warranty on all functional parts**.

**LIFETIME
HEAT EXCHANGER
LIMITED WARRANTY**

For even greater protection and worry-free ownership, ask your Goodman dealer about GoodCare®, an affordable extended parts and labor warranty for your entire system.

GOODMAN: THE RECOGNIZED INDUSTRY LEADER

Every Goodman heating and air conditioning system is designed, engineered, and manufactured with pride. All employees follow strict, quality-driven processes to ensure that all Goodman products offer the legendary performance that has made the brand a recognized leader in the industry. This attention to quality has resulted in the Goodman family of companies becoming the second largest manufacturer of residential air conditioning and heating systems in North America.

The legacy began when Harold Goodman, a former air conditioning contractor, felt that he could build a better product. His goal was to manufacture air conditioning and heating equipment that performed more reliably, lasted longer than the competing products, eliminated time-consuming installation problems, and make air conditioning and heating products as affordable as possible.

Harold accomplished his goal and today the Goodman family of companies manufactures heating, air conditioning and ventilating equipment in modern facilities located across the United States.

Air Conditioning & Heating

Our continuing commitment to quality products may mean a change in specifications without notice.
